

The following website contains **XSS** and **CSRF** vulnerability

<https://data2345.000webhostapp.com>

Find them and do the following:

1. Show your name using **alert**
2. Get your cookie using **alert** and log in from another browser using it
3. Create an html page on your computer that affects the site and **sends requests** to it
4. When you open the html page on the browser, it will be a **blank page** and will take you to the site

التسليم :

- قم بتسليم فيديو يشرح خطوات الحل
- قم بتسليم ملف نصي تشرح فيه :
 - آليه حل ثغره XSS
 - آليه حل ثغره CSRF
